SPRING 2020 COEC Certificate Program

860 Harrison Street, 2nd floor
Boston, MA 02118

Telephone: 617-534-5181
Fax Number: 617-534-5485

Email Address:
CHECenter@bphc.org

CHEC's COEC Program is a two-part, 80-hour training program that covers core competencies Community Health Workers need to provide effective community outreach and health education work in community-based settings. The training emphasizes skills to prepare CHWs to serve in a variety of functions including culturally appropriate health education and outreach, navigating the health and human service systems, assuring access to services, advocating for individual and community needs, and building individual and community capacity. In addition, the training encourages CHWs to become proficient on health issues affecting diverse communities and introduces them to a public health framework for understanding these issues.

- **To complete the COEC program**, you must attend all CORE sessions and a minimum of 19 hours of health modules. Only CHEC's courses are valid. Outside trainings not accepted.
- **Enrollment is available for:** Community Health Workers and/or volunteers who are currently employed by community health centers, hospital or community based organization that do at least 20 hours a week of Community Health Work. Priority will be given to CHWs employed by Accountable Care Organizations and Behavioral Community Partners
- **You and your supervisor will be held to CHEC's training policies.** Policy Agreement must be obtained, read, and signed by both Community Health Worker and Supervisor prior to or upon registration.
- **Your registration confirmation is valid only** when you have spoken directly (no messages faxed or voicemail messages accepted) to a CHEC staff who will then email you to verify that you will be present at all sessions and arrive no later than 9:45 am to avoid automatic cancellation.

This project is funded by the MassHealth Delivery System Reform Incentive Payment (DSRIP) Statewide Investment program through the Commonwealth of Massachusetts Executive Office of Health and Human Services. The grant program is administered by Commonwealth Corporation.
